## Color Subtraction

### Pre-Session: Activity Sheet Three

At our next DDN session we will be using the color sheets to connect color, and light to the theater. Color the Color Subtraction Sheets for our next session. The form below will be used during the DDN lesson.

**Color Subtraction Sheets:** Now that we have had a chance to use the colored filters record below what you have learned from this experiment.

**What did you notice?** : Write what you discovered when viewing the color subtraction sheets with each of the three filters.

Color subtraction is used in the creation of games we play. Think of games that use this principle of color subtraction to make the game possible.

Games that use color subtraction:

Write below how one of the games you thought of uses this principle.
